

University of California

Comments submitted by the Off-Highway Motor Vehicle Recreation (OHMVR) Division to individual grant applicants should in no way be construed as a guarantee of successful results for the applicant within the competitive grants process or a commitment of funding. Additionally, the lack of comments by the OHMVR Division to any specific applicant does not ensure successful results for the applicant within the competitive grant process or a commitment of funding.

All final applications will be reviewed by the OHMVR Division. The OHMVR Division may, at its sole discretion, decrease the requested amount and eliminate activities pursuant with regulation Section 4970.07.2 (f)(1-5) and for law enforcement projects, regulation Section 4970.15.3(b)(1-5).

Failure by applicant to respond to any OHMVR Division comment of their preliminary application shall be cause for eliminating that item from the applicant's application.

If multiple proposed projects are requesting funding for the same deliverable, and multiple projects are successful, only one project will receive funding for the deliverable.

For proposed projects requesting grant funding for snow and/or winter activities, Applicants must ensure the activities and/or equipment requested are not and/or cannot be funded by the OHMVR Division Winter Program (commonly referred to as the Snow Grooming Program).

For proposed projects requesting grant funding for the maintenance of roads and/or trails, note that only roads and/or trails that allow "green sticker" off-highway vehicles are allowed to receive grant funding.

General Evaluation Criteria

- #2 – Applicant must verify response.
- #3a&b – Applicant must verify response.
- #4 – Applicant must verify response.
- #5 – Applicant must verify response and list the Projects that have reached the end of the performance period in the last two years.
- #7c – It is unclear if the maps provided to the public address OHV trespass, including respect for private property.
- #10 – Narrative does not support sound testing occurs "On most (50% or more) holidays and weekends".
- #12a&b– Applicant must verify responses.
- #13 – This question is to address the Applicant's OHV outreach efforts, not the land manager's efforts.

Restoration	G13-08-01-R01
Project Description	
<ul style="list-style-type: none"> • <u>“Furthermore, in each restored ecosystem type UC Davis scientists will deploy research studies to evaluate methods of restoration of serpentine areas damaged by OHV use”</u>. The Applicant must provide detailed information in its project description showing how a scientific study not required by state or federal law is necessary and directly related to the implementation activities being proposed in this restoration project. 	
Project Cost Estimate	
<ul style="list-style-type: none"> • Staff – Applicant must provide detailed information of duties being performed for each separate line item in this category. Additionally, the Applicant must provide detailed information on how a, “Professional Researcher” and “Junior Specialist” are directly related to the project. • Equipment Use Expenses – “4x4 Vehicle”, Applicant must identify the type of vehicle being used. • Equipment Use Expenses – “Equipment Rental”, Applicant must identify the equipment that will be rented. • Equipment Use Expenses – “Personal Vehicle”, Applicant must identify make and model of vehicle being used and how it directly relates to the project. • Others – “Greenhouse/nursery bench space”, Applicant must provide detailed information on how this line item is directly related to the project. • Other – “Housing for non UC volunteers”, Applicant must provide detailed information showing how this line item is directly related to the project. • Others – “Housing for UC researchers”, Applicant must provide detailed information showing how this line item is directly related to the project. 	
Evaluation Criteria	
<ul style="list-style-type: none"> • #3 – Applicant must provide a reference document and date. • #7 – Applicant must provide the following information: <ul style="list-style-type: none"> • Date(s) of meeting(s) and indicate if stakeholder meeting(s) is different date than publicly noticed meeting(s). • How the public/stakeholders meeting(s) were notified and where the meeting(s) were held. • Names of the stakeholders and how they are stakeholders. • #8 – Narrative does not support the partners, Applicant must provide additional detailed information explaining how the East Lake Resource Conservation District and USDA Natural Resources Conservation Service will participate in the project. • #9 – The Applicants project description does not support the response in this question.
